Marco Trbovich, Tricom Associates

Carol Tyson, Change to Win

Mark Wagner, Johnson Controls, Inc.

Jim Young, Blue Green Alliance

Joel Yudken, High Road Strategies

In the fall of 2008, the Apollo Alliance brought together representatives from academia, industry, labor, and environmental groups to develop strategies for rebuilding domestic manufacturing for the growing clean energy economy. Since then, this committee has lent its collective expertise and insight to the development of our federal policy recommendations. Note that inclusion here does not necessarily indicate full organizational endorsement of all GreenMAP proposals.
